## **2009 REPORT TO THE COMMUNITY**

## *A Life Remembered, Forever*

On September 25th, 2008, our family had an event that every parent worries about, but prays will never happen. I received a call at the hospital, where I work, informing me that John, my second son had been involved in a motorcycle accident. Of my two boys, John was always the one who exaggerated his injuries and illnesses, so I was sure he wasn't as bad as the first responders had indicated, after all he was talking with his dad and brother, Logan at the scene of the accident. Our family has all rode motorcycles for years and John was the best rider of us all. I knew he would be okay. But he wasn't. He died of injuries from the accident on the way to the hospital.

John was the happiest child from the day he was born. As he grew up, he never met a stranger. He talked to everyone he met and made lots and lots of friends. John loved anything with a motor. Many things he took apart, most things he put back together. He loved working on vehicles, 4-wheelers and motorcycles as well as trading vehicles.

John loved going to Perry Central, but maybe

not for the right reasons! He loved the social life of school. His favorite class was the automotive vocational class at TCHS taught by Mr. Glen Goffinet. After taking this class for two years, he chose to attend Nashville Auto Diesel College continuing his love of working with vehicles. After graduating, John ran Tell City Muffler.

John was loved by so many people. As his parents and brother, Jim Logan and I wanted to do our best to keep John's memory alive. That is why we chose to start a scholarship for a Perry County Senior furthering their education in Automotive Technology. We chose to give to a Perry County student as Jim graduated from TCHS; I graduated from CHS and our boys from PCHS as well as the fact that John had many friends from all over our county.

Our family hopes that others are spared of losing a child. We want to keep the flame of John's life burning and hope that by establishing this scholarship, his memory will be alive year after year when his scholarship is presented to a worthy Perry County senior.

## Letter from the Board President

*"We make a living by what we get; we make a life by what we give." – Sir Winston Churchill.*

Just as in Sir Winston's time, these words live on today for the people of Perry County. During the past year, the Foundation has been blessed to receive continued support from our donors in our efforts to make Perry County a better place to live. And because of the generosity of all our donors, we were able to provide more than \$184,000 in grants and scholarships this past year.

The Foundation faced some challenges with the decline in the economy. The Board of Trustees continued to be responsive, dedicated and creative in finding ways to accomplish more with less and the Foundation has emerged with a renewed focus on the importance of what we do and why we are here.

The Perry County Community Foundation will continue to meet the challenges of the future but will not stray from our core mission which was laid out more than 15 years ago... To be a trustworthy leader and partner in making Perry County a better place to live – For Good. Forever. For Perry County.

On behalf of the Board of Trustees and staff of the Perry County Community Foundation, I thank you for your generous support in helping us achieve our mission.
